Welcome

Rose Tree Care Home is situated in Mickley in Stocksfield. Conveniently located close to local amenities, the home offers a warm and welcoming environment in a community setting.

Inside the home there are 44 en suite bedrooms which residents are encouraged to personalise and make their own. A spacious and cosy living room offers a place to relax and socialise, whilst the dining area is the perfect spot for residents to enjoy the varied, nutritional and tasty meals prepared by the in house kitchen team. There is also a garden area outside.

The care team at Rose Tree are professional and experienced but also treat every resident like one of their own family members. They strive to create a calm and inclusive environment where every resident feels respected and listened to. They follow carefully designed care plans ensuring care and support is relevant to each person and adapted to suit their needs.

The right care for you

One of our principal values is to treat each of our valued residents as an individual, responding to their unique needs.

This is particularly important for those living with dementia and the physical effects of increasing age - our approach to person-centred care planning is designed to develop, sustain and, wherever possible, improve both mental and motor skills. For us to do this, each member of our team is carefully chosen for their caring capabilities, qualifications, understanding and the ability to bring out the best in those in their care.

Testimonial

The care and concern given to my mother at Rose Tree Care Home is second to none. The cleanliness of her environment and her personal hygiene is excellent. The surroundings within the home are very pleasant, warm, colourful and comfortable. Food and drink is varied and plentiful, and socialising is arranged and encouraged. I have no complaints. Staff are lovely! - Jan P. (Daughter of resident)
